

## Those who *know* buy DE LAVAL Cream Separators

**Creamermen**—Because they are experts in the handling of cream and know by long experience that the De Laval skims cleanest and wears longest. That is why 98% of the World's creameries use the De Laval exclusively.

**Experienced Dairymen**—The De Laval is the universal favorite among big dairymen. They know that no other separator will give them such satisfactory service.

**Old De Laval Users**—Whenever a man who has used an old model De Laval decides to purchase a later style machine he invariably buys another De Laval.

**Men Who Investigate**—If anyone takes the time to investigate the merits of the various cream separators, either by finding out from other users what kind of service their machines have given or by testing other machines out against the De Laval, the chances are a hundred to one that his choice will be the De Laval. More De Laval machines are in use than any other make. There is a reason. Come in and we will tell you why.

More than  
1,500,000  
DE LAVALS  
now in use.

### A CASH OFFER.

The Weekly Kansas City Star is made to be of special value to farmers and stockmen. Its market quotations cover items of particular interest to such. There is a practical farmer in charge of the farm department. The services of Chaperon are used for the benefit of the farmer's wife and daughters, giving them helpful suggestions concerning many perplexing matters of etiquette and social usages. "Answers" is an unique feature which replies to general inquiries received from subscribers. Short and serial stories appear from time to time, these stories later when printed in book form sell in book stores for \$1.50 per copy. There is no beer or whiskey advertising. No hurtful patent medicines or fake doctors are exploited. The entire news of the whole world is printed; yet, in such concise form the busiest man may, by a few hours reading a week, keep well abreast with what is going on.

Mansfield Mirror and Weekly Kansas City Star both one year for \$1.15.

The Largest Magazine In the  
World.

Today's Magazine is the largest and best edited magazine published at 50c per year. Five cents per copy at all newsdealers. Every lady who appreciates a good magazine should send for a free sample copy and premium catalogue. Address Today's Magazine, Canton, Ohio.—Adv.

### WE PRINT STOCK BILLS.

### Found a Cure for Rheumatism.

"I suffered with rheumatism for two years and could not get my right hand to my mouth for that length of time," writes Lee L. Chapman, Mapleton, Iowa. "I suffered terrible pain so I could not sleep or lie still at night. Five years ago I began using Chamberlain's Liniment and in two months I was well and have not suffered with rheumatism since." For sale by all dealers.—Adv.

### GASCONADE ITEMS.

More beautiful weather. Clinton Schafer has returned home to help his mother get ready to move to their new home at Springfield.

Mrs. Joe Matlock called on Mrs. Pollock Sunday.

G. W. Privitt our genial merchant has sold his place of business to Roscoe S. Kes. We regret to lose Mr. Privitt but wish him success in his new home.

Mr. Elliott has moved to his farm. We welcome our new neighbors.

WANNETA.

### Cough Medicine for Children.

Too much care cannot be used in selecting a cough medicine for children. It should be pleasant to take, contain no harmful substance and be most effective. Chamberlain's Cough Remedy meets these requirements and is a favorite with the mothers of young children everywhere. For sale by all dealers.—Adv.

### MANSFIELD CONTEST IN THE OFFICE OF MAYOR.

On Tuesday of last week the citizens of Mansfield nominated a city ticket for the April election. All the nominations were made by acclamation excepting for the office of Mayor, for which, as the Mirror informs us, quite a spirited race ensued between Mayor G. S. Barney and F. H. Riley, Mr. Barney being nominated, though "honors were easy" between the contestants. We have always noticed that these spirited contests, especially in municipal affairs, generally work more evil than good. We can say for our own city government that so far we have kept down contests in the office of Mayor.

Mr. Barney, the present Mayor of Mansfield, has lived in Mansfield more than a quarter century and his upright citizenship has tended to make him popular with all good citizens. Dr. Riley is a new man, having been a citizen only a couple of years. Yet in that time he has done much, not only for the city of Mansfield, but for the entire county. He is an active, progressive citizen and an all around booster. As president of the Young Men's Business Club he last season put on a street fair which was a success. In the two years he has lived there he has been a constant worker and as a consequence Mansfield has many improvements, the latest of which is electric lights.

The citizens of Mansfield should have by no means allowed two prominent citizens to contest for the place of Mayor, and we understand that neither aspirant really cared for the office.

Hartville and Mansfield are closely allied and by a union of sentiment and concert of action,

much good can be accomplished. The Mirror well says that rock roads are needed and we hope the editor had the setting flat in mind when he said it.

Lining the roadway is any quantity of rock. We have a first class rock crusher and with such men as Mayor Barney and Dr. Riley to boost and help the good cause along there is no reason why we should not have the road. Yet if we are to have improvements spirited contests should be discouraged.—Hartville Republican.

### SWIFT'S FERTILIZERS

SWIFT'S SUPERPHOSPHATE  
[2-8-2]

Our banner brand. The best general crop producer on the market. It gives the plant an early start and insures a continuous, healthy growth up to and including maturity, and shows marked results on following crops. It adds to the fertility of the soil. For all crops, particularly Corn, Wheat, Oats, and Timothy.

SWIFT'S [2-8-5]

A high grade fertilizer, especially adapted for Tomatoes, Potatoes, and all kinds of Vegetables, all kinds of Vines, Small Fruits, and Fruit Bearing Trees. Gives excellent results on Corn, Oats, and Wheat wherever soils are deficient in potash; namely, sand and loam soils.
